Board Member: John Shonts

Next Meeting:
Saturday, Nov. 7th
12:30 pm Fuddruckers party room
6378 Mills Civic Parkway,
West Des Moines, IA

Thank You

I want to take the time to thank Nancy O'Connell for hosting our 1st annual summer picnic. She has a beautiful home. Her lily pond has my husband talking about building one for me!

Thank you, Jill Clark & Wendy Rios for getting the raffle baskets organized! It wouldn't have gotten done without your efforts!!! I think we have some very nice things to offer, but there is always room for more!

John and Beth Shonts did a fabulous job of organizing our fun match! I think everyone was a winner. John and Beth put a lot of thought and detail to this event. The prizes were spectacular - the stunning blue umbrella! The butterfly bush! The butterfly beach towel! Then there was the coffee with the butterfly emblem! Everything was beautiful!

Thank you all that drove 2-3 hours plus to come to eat, chat and enjoy the comradery. We are looking forward to the Midwest Regional, our picnic and our B match...on Saturday, September 5th we will have a meeting details to be announced later. THANK YOU, one and all for your hard work!

Rose Garden Wedding

Club member Renee Rios married Ryan Ott on September 26th in the rose garden at Vanderveer Park in Davenport, Iowa. Appropriately enough, before the wedding ceremony started two Monarch butterflies flew over the couple and paused to bless their marriage before flying away.

Flea, Tick, Mosquito, Fly, & Bee

Repellant

submitted by Lou Ann King

Ingredients are full strength oils: Tea Tree Oil, Eucalyptus Oil, Sweet Orange Oil, Pine Needle Oil, Rosemary Oil, Sage Oil, Cedarwood Oil, Peppermint Oil, Citronella Oil.

Directions: Mix 2-3 drops each with 16 oz. water in a spray bottle. Shake before each application and spray lightly over entire body.

Directions for spraying lawns to prevent bees: 16 drops each/1 gallon. In hot days, may need to spray every 6 hours.

Directions for dog shampoo: Mix 4-6 drops each with 32 oz of any natural shampoo and you now have a natural flea shampoo.

Repels fleas, ticks, mosquitoes, flies, and bees. Spray lightly on dogs and blankets and also makes your van smell great. Use before going into the obedience ring for sits & downs to repel bees, or for tracking or fieldwork to repel ticks. Some people have used it on golf courses and camping to repel mosquitoes. This stuff smells great.

A health food store in your area sells these.
